

# I Don't Get Down

## Verse 1

### Dialect

Excuse me boo can you slow down I'm trying to get at you  
You're a work of art like that Mona Lisa statue  
One thing could make you look better that's if I had you  
Cause I would be up on you all the time like a tattoo  
This opportunity could pass you  
It's a pleasure for you to meet me I don't even have to ask you  
You got me feeling high cause your so dope  
You could be gold digger cause I aint broke broke  
Plus my albums coming out I'm bout to blow up in this city  
Cause my second cousins bothers mothers son knows Diddy  
So in other words I'm connected,  
I see you smiling so your answer must be what I suspected

So what's up shorty...you look to good ...we gonna get up or what?

You're funny to me that's why I'm smiling at you  
I want a man with God not with game plus yours is wack dude  
But still your trying to be a mack who  
Don't even know that Mona Lisa was a painting not a statue  
A gold digger nah not the way you love it  
But my God is preparing a place with streets of it  
So forget game here's where you need to start  
That big cross around your neck don't mean Christ lives in your heart  
May I suggest you get with Him so you can follow his ways  
Learn that a Godly woman deserves to be praised

## Hook

*I know you want to get with me but without Christ I don't get down  
All the Godly women say (4x's)*

## Verse 2

### Maddlines

Shorty what yo name is?? Can I talk wit you?  
Where you going? Is it cool if I walk wit you?  
And when all the walking and talkings through, it's gonna be me and you  
In the future my arm is where I'm seeing you  
I'll hold you close like you hold Louis on the Metro  
Your smile makes me petro my heart is saying let's go  
I'll make your body look like a jewelry expo  
Cuz I be making more dollars than Taffi and Creflo  
So what you say to maybe dinner and a movie

Or if you prefer Cristal in the jacuzzi  
I know my game's making you woozie  
So lets get straight to the Facts of Life like Natalie and Tootie

"So I'm saying, whats up girl? I'm feeling you...you feeling me? Lets' do this thang...."

The fact is you got more lines than an actress  
Putting me to sleep like a posturepedic mattress  
To get with me you need humbleness and you lack this  
Your pride is a thorn in my side like falling on a cactus  
And all that platinum in your mouth, you look too strange  
Kissing you would be like sucking on some loose change  
Your week game doesn't flatter me  
Using them lines over and over like rechargeable batteries  
You need Jesus if you really want to be a man  
His kind of love is something only christians understand  
I need a man of God, cuz God's love never fails  
How you gonna be the head when your looking like the tail?

### **Hook**

*I know you want to get with me but without Christ I don't get down  
All the Godly women say (4x's)*

### **VERSE 3**

#### **Dialect**

So ladies let them know you can't be won your not a door prize  
But don't be leading brothers on like a tour guide  
And cause your walking with God you should have more pride  
Cause beauty found on the out but also the inside  
Carry yourself with respect and intelligence  
No matter what these knuckle heads say it's irrelevant  
Most of these guys are just a nuisance  
But if they aint with God you shouldn't even give'em your two cents

#### **Maddlines**

Now all godly women listen closely  
Some of ya'll complain "Why did that player approach me??"  
And to be frank, it's cuz some of ya'll dress like bimbo's  
The cut of your jeans is like the game of limbo  
It gets lower as the action gets more intense  
You wanna million dollar man or just 50 Cent  
I know a true godly man is real hard to find  
So we're gonna get on godly brothers another time  
Until then, don't treat your body like a work of art  
Thats on display, if you say your sanctified then play the part  
You shoud be set apart with God's word in your heart

So when a player talks to you then you can tell him from the start

**Hook**

*I know you want to get with me but without Christ I don't get down  
All the Godly women say (4x's)*
