

# Rise Up

## VERSE 1

### Maddlines

The kick drops heavy as an anvil  
Run my operation like the queen of an ant hill  
making moves, tell complacent cats that I can't chill  
christians spitting flames got the game at a stand still  
you ain't ready for this kinda vernacular  
me and satan go together like Buffy and Dracula  
had you for a minute then I flipped it like a spatula  
BMW skills and can't even afford an Acura  
Thats the kind of truth you won't find in secular  
most rappers lie as they try to get the best of ya  
Raiderz of the Lost over the track from the Messenger  
please, you don't even have to sneeze and I'm blessing ya  
Dizzle with more lines than a hundred pairs of shell tops  
splashing on cats like when a bucket at a well drops  
I love representing for Christ  
While most secular rappers are mad because they carry more baggage than bell hops

### Hook

*You can try to break us down "We rise up"  
you can even try to stop the sound "We rise up"  
even before we hit the ground "We rise up"  
We always "We rise up"  
come on and "Rise up" (2x's)*

## VERSE 2

### Dialect

**I spark flames like a fire can  
In the streets trying to save cats like Spiderman  
Me and Christ we go together like jungles and Tarzan  
Plus my faiths out of this world like Marvin the Martian  
You look depressed like a man that's a Denver fan  
But God can hear your cries even way out in bronco land  
Aint no stunt doubles here baby I realer than Jackie Chan  
I'm a father and a Son but I follow the son of man  
Pump your chest while you pump your fist  
Walk through the valley of the shadow of like the psalmist**

**Regardless we're bring the truth to the god-less  
"Sin is harmless" That's like saying Iraq is bomb less  
We walk the line but we call it the straight and narrow  
Trust me the world is risky like putting trust in Jack Sparrow  
We'll free your mind like secular music's a pharaoh  
Cause we ripping over track you feel banging right through your bone marrow**

**VERSE 3**
